

## DR. FRIEDMANN IS VERY CONFIDENT

Believes His "Cure" Ultimately Will Wipe Out Tuberculosis.

HE VISITS WASHINGTON

Would Be Glad to Turn His Discovery Over to Government.

(Special to The Times-Dispatch.) Washington, April 12.—Dr. F. F. Friedmann, the Berlin tuberculosis specialist, was given a most cordial reception here today. He came to attend the Griffler dinner, where he shook hands with President Wilson and not far from the White House, Surgeon General Blue, director of the Public Health Service, the two sat together throughout the dinner and discussed informally the results to date of the German savant's tests in this country.

Dr. Friedmann told The Times-Dispatch representative that he might accept an invitation of the Washington University Hospital to try his tuberculous treatment at that institution. He said further that if Surgeon General Blue wished him to demonstrate the treatment at any of the government hospitals here he would be glad to do so.

Government officials would not say whether Friedmann would be asked to make official tests here at this time.

Before the Griffler dinner the specialist was the guest of Prof. Thomas of Johns Hopkins University, Baltimore, at the Cosmos Club. He said he had not been invited to make any test in that city.

Dr. Friedmann announced that he would rather turn his treatment over to the hands of the Federal government than to any private institution of concern. "I should be glad to have my treatment tested here," he said, "but I would much prefer to receive one from the Federal government. I believe that with the means at its command, the treatment would be much better distributed. It is not merely a matter of money with me. I am not obliged to hasten my return to Berlin, although much work now awaits me there. I must remain in this country long enough to supervise the application of my remedy while others are learning how to administer it."

Asked whether he thought his remedy would in time stamp out the dread disease, Dr. Friedmann replied with emphasis, "I am absolutely certain it will."

If the matter here had been left to the government, subjects would be picked from volunteers already confined in government hospitals.

Unless asked to remain, Dr. Friedmann expects to leave here tomorrow for Providence, R. I., whence he last came. He admitted he had been asked for his room at the Providence Hotel where he treated many patients in the last few days.

"I cannot blame the management," he said, "Applicants besieged every entrance until they became a nuisance to those in the hotel."

No one who has a coated tongue, dizziness, nervousness, or edge, sour and gassy stomach, and knows that he cannot eat a hearty meal without stomach distress, can be sweet tempered or enjoy life.

Why allow this condition to continue? Mio-na, a specific for out-of-order stomachs, can be had from any drug store on money back if not benefited plan.

Mio-na is not only a digestive which gives prompt relief, whether taken after meals or at any sign of stomach distress, but contains ingredients which strengthen the walls of the stomach, stimulate the flow of the gastric juices, and restore the digestive organs to a normal condition.

The stomach must digest your food readily and supply the body with its proper nourishment before you can be well, strong, or have life assume anything but a gloomy aspect.

If you have any symptoms of a disordered stomach, begin the use of Mio-na at once—to-day.

Stomach ills usually lead to something serious. Always keep Mio-na in the house—carry it when traveling. You have nothing to lose—for money refunded if not satisfied.

## Indigestion Causes Many Ills

The hurry and hustle of modern life in cities and villages and in the busy seasons on farms leads many people to indigestion. Impaired digestion lies at the bottom of most human ills, because lack of proper nourishment reduces the natural disease resisting powers of the body. Poor digestion affects all relations in life, including earning power. Impoverished blood follows if food is not thoroughly digested and poor blood results in physical weakness and reduced vitality. There is no reserve store of energy and strength which is required to push ahead and accomplish the things desired. Success depends upon good health.

Dr. Friedmann's Malt Whiskey, when taken just before meals stimulates the secretion of saliva for the digestion of starches and the secretion of gastric juice for the digestion of other foods, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutrient necessary to their sustenance and indirectly to the whole system strength and vigor.—Advertisement.

## THE TRICE COUNTRY

Socialists Predict That 500,000 Workers Will Join Strike.

SITUATION IS CRITICAL

Citizens of Belgium Laying In Provisions for Long Siege.

Brussels, April 12.—While it is impossible to predict to what extent the threatened general strike will be put into effect Monday, it is evident now that the situation is beginning to be regarded as extremely serious. The Socialists declared to-night that 500,000 workers would go out, crippling the entire country.

Steamship companies whose vessels dock at Antwerp to-day notified all agents that they would decline to accept responsibility for freight beginning to-night. All merchandise now in the United States will be landed at Rotterdam or Hamburg. Twenty shiploads of ore and grain, destined for Antwerp, already have been diverted to these ports. The Red Star Line is seeking no freight.

Farmers who supply vegetables to Antwerp have given notice that they dare not attempt to bring in anything after Monday. Those supplying Brussels have requested a police guard. One hundred canal boatsloads of potatoes, which arrive here to-day, were quickly sold.

The inhabitants are laying in provisions for a long siege.

Employees of the municipal water, lighting and street cleaning services have been notified that their participation in the strike would forfeit their positions and rights to pensions, and it is hardly likely they will join the movement.

The Socialists declare that no violence will be permitted. If they can maintain this belief a situation of anarchy will develop from more than 1,000 towns will come to Brussels. Singular variations of sentiment have been developed both in the Belgian capital and strike. One strange phenomenon is the support active or tacit to the movement given by many employers. Some of them have even declared that they will continue their workmen's wages during the strike.

The clerical newspapers insist that rich Liberals are privately swelling the strike while the Liberal and radical clubs in various cities are urging the movement by subscriptions. The Minister of War is having all troops from the ports and the army is being used more efficiently in case of disturbance.

(Special to The Times-Dispatch.) Courtland, Va., April 12.—Society in Southern Virginia is much interested in the marriage of Dr. Robert Paul Jones, of Norfolk, and Miss Annie Belle Kindred, daughter of Mrs. Annie Kindred, of Norfolk, which will take place at the spacious old home of the bride, in Courtland, on Thursday afternoon at 1 o'clock. The ceremony was performed before an improvised altar in the south drawing-room, which, together with the halls and parlors, was elaborately decorated with palms, ferns, white roses and Southern shrubs, and lighted with candles of cathedral candles. Rev. J. F. Coleman, rector of St. Paul's E. Church, Suffolk, was the officiating clergyman.

The bride entered with her grandfather, James E. Seibell, by whom she was given in marriage. She wore a hat and gloves to match, and carried a shower bouquet of orchids and lilies of the valley. Attending her sister, the maid of honor was Miss Annie Belle Kindred, who was dressed in pink and white, with an overdress of pink tulle lace, and carried an armful of pink roses. Mrs. William Thach Shannonhouse, sister of the groom, was matron of honor, and wore tulle champagne with real lace trimmings. Her bouquet was of pink sweet peas. Harry Jones, brother of the groom, was best man. The ushers were Dr. Emmet E. Reese, of Courthouse, and Richard A. Jones, of Norfolk.

Immediately after the ceremony a luncheon was tendered by the bride and invited guests. In the dining room the same color scheme of green and white was effectively carried out, while the table centerpiece was of miniature rustic logs, from which white roses and smiling grew. The punch bowl was presided over by Mrs. John Joseph Kindred, of New York; Mrs. Francis E. Seibell, of Norfolk; and Mrs. William Thach Shannonhouse, of Norfolk.

Among the out-of-town invited guests were Congressman and Mrs. John Joseph Kindred, of New York City; Hon. and Mrs. N. Seibell, Jr., Dr. J. E. Seibell, Mrs. Myrtle Seibell, Mr. and Mrs. Francis F. Nash, Mr. and Mrs. W. Shannonhouse, Mr. and Mrs. R. A. Jones, W. M. Jones, Harry T. Jones, Mr. and Mrs. J. Land, Dr. and Mrs. J. Cowper and Mrs. Frank Smith, of Norfolk; Mrs. J. E. Morley, Mr. and Mrs. A. L. Gardener, of Gardener, Jr. Mr. and Mrs. J. F. Bryant, Mr. and Mrs. J. B. Gay, of Franklin, Congressman E. E. Hollick, of Suffolk, and Judge Jesse F. West, of Waverly.

Miss Seibell has spent much time in New York City, as the guest of her uncle, Congressman J. J. Kindred. She is a granddaughter of the late J. J. Kindred, member of the Seebell family of Virginia in 1861, and took a musical degree at the New York Conservatory.

Dr. Jones is prominently related throughout Virginia, Georgia and Mississippi, and is a direct descendant of the famous Lee family of Virginia. He is a graduate of the University of Virginia, and is at present connected with St. Vincent's Hospital in Norfolk.

Dr. and Mrs. Jones, after an extensive wedding tour, will make their home at the Holland Apartment House, Norfolk.

DEDICATION POSTPONED

Dedication of the massive stone gates at Joseph Bryan Park, erected by the city of Richmond as a memorial to Mrs. Bryan, was postponed yesterday afternoon on account of rain until tomorrow afternoon at 5 o'clock.

The Chesapeake Bay Railroad announced special train at 1:30 and minute schedule over the line from First Street line through to Joseph Bryan Park between 3 and 6 P. M.

Addresses are to be made in connection with the dedication by Mayor Amis and Judge George L. Christian.

Recovered From Severe Lung Trouble

Plenty of fresh air and good food are necessary to the recovery from lung trouble, but something more is needed, bring about full health. Eckman's Alternative is medicine and improved fast. It cures colds, coughs, croup, whooping cough, and so many reports have been received showing that it brought about good results in a number of cases where declared hopeless, that all sufferers who investigate what it has done for others, will find it a life saver.

(Above abbreviated, more on request.)

"Gentlemen: In December, 1909, I was taken with severe lung trouble, and for several weeks, each time to bed. My doctor advised me to go West."

"In November I started for Denver, Col. After my arrival I met Michael Brody, who, taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have good appetite and sleep well. When I left Denver my weight was 150 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my health."

(Above abbreviated, more on request.)

Eckman's Alternative has been proved by many years test to the most effective in cases of severe Lung and Lung trouble. Bronchitis, Bronchial Asthma, Stubborn colds and other leading conditions of lung not contain in upbuilding the system. Does not contain any harmful drugs. For sale by the Trade Drug the Eckman Laboratory, Philadelphia. For booklet telling of recoveries and additional evidence.
